Committee Reports

- **County Affairs:** County and Magnolia Valley Services are continuing to try to get M.V.C.A. to take over street lights. This is not our responsibility.
- **Security:** Mostly domestic issues and a few Car breakins.
- **Block Captains:** Looking for a few substitutes.
- **Welcome:** 2 new residents received welcome packets.
- **Newsletter:** Received a request to put a simplified version of the Pasco County Codes in the newsletter.
- **Code Compliance:** Pasco County Code Compliance Officer asked that we let Magnolia Valley residents know that before you cut down any tree to contact them to see if you need a permit. If you do not and get caught the fines could be hefty. They have fined several people this past month in our subdivision for this violation.
- **New Business:** Voted to have the newsletter printed by the First Presbyterian Church and give the money to them since they allow us to meet there.
