

Magnolia Valley Newsletter

February 2000

The Magnolia Valley Civic Association had their Annual Meeting on January 10, 2000. County Commissioner Steve Simon was the invited speaker. Mr. Simon is a personable and enjoyable speaker. He is in his first term of office and quite enthusiastic and energetic. He has been quite helpful in our quest for the wall to be built in front of our development. Unfortunately the information he gave us on the time schedule of the wall has been changed. Stewart Whitmarsh is now our liaison with the County and will keep us updated on the new timetable for the wall. Mr. Simon did inform us of his new web page on the Internet. He said he will run free classified ads on it for his constituents. His web address is www.simonsez.com. He welcomes all of those who have access to the Internet to visit his web page. Mr. Simon had several interesting points to offer.

. He said "ask a question" before you offer a solution. Always be informed.

The water situation in Pasco County will be in a critical situation by 2008. He is now on the Southwest Water Conservation Board and will do all he can to remedy the water situation.

Those of you who did not attend the annual meeting missed an informative speaker.

The election ballot was accepted as printed as there were no nominations from the floor.

Membership:

Attached to this newsletter is the dues reminder notice to cover membership in your Civic Association and a return envelope.

Your check for \$25.00 made out to MVCA may be mailed in the attached envelope or delivered to the MVCA treasurer, Lois Summey. If you wish to deliver your payment, a special container is located on the front patio at 7637 Cuyahoga Dr. and marked "MVCA."

You may also give your envelope to your block captain. Remember, your block captain is your liaison to the Civic Association.

Your membership is very important to our neighborhood Magnolia Valley. The Civic Association works very hard to keep our development a place in which you would be proud to live.
