## Letter to the Editor

To all Magnolia Valley residents, we would like to take this opportunity to share with you our experience with our County Commissioner Michael Cox. Over the past few months Lake Palmer has dealt with a drainage issue of a collapsed drain under the golf course which affected drainage of the Lake Palmer as well as the eastern end of Magnolia Valley subdivision.

This problem was finally rectified due to the persistent work of several individuals including Commissioner Michael Cox. He made our problem, his problem and that's nothing new – we felt it important for you to know that you can count on him. Though he's commissioned to serve, he chooses to care.
