Subdivision Activity

Dispatch Log information is updated approximately every 24 hours and includes activity from the last 30 days. A "call number" is assigned to every call received at the Sheriff's Office ("PSO") to request service or whenever a deputy sheriff initiates a call based upon observation of activity. The "description" is the last classification assigned to the call. The "priority" represents the level of the week, calendar date and time of day when the call was received. The "description" is the last classification assigned to the call. [Note: this can change during the course of the investigation which will not be reflected here]. The "priority" represents the level of the week, calendar date and time of day when the call was received. The "description" is the last classification assigned to the call. The "street #," "name," "suffix" and "city" represent the address location of the call. A "case" number is issued for every subdivision code assigned to the subdivision by the PSO.

Some information has been removed in order to comply with restrictions imposed upon disclosure of information by the Florida Statutes.
